GOOGLE MY BUSINESS PROFILE

If you haven't got a Google My Business profile yet and you have a physical or online business, you need to register for one [HERE](#)

Google will then send you a code in a few days to verify your business.

Please note you will need to give google an address for your business.

Cheat Sheet

GOOGLE LISTING

Tip no. 1

Upload as many pictures as you can to your profile that are related to your business.

This can be photos of products, treatments, diagrams, your room, photos of the salon, screen shots of reviews.

Aim for over 100+ Photos

Tip no. 2

When uploading your ANYTHING to your Google listing use KEY WORDS that potential customers are using when searching for on Google
Eg. Try our Facial based in Chelsea, London.

Tip no. 3

Ask your clients to do you a massive favour for you and to leave you a Google review for your business.

They will need to have a Gmail account to do this.

You can send them the link directly.

Cheat Sheet

GOOGLE MY BUSINESS

Tip no. 4

Use your Google Business like its another social media platform, post on there like you would on Facebook or Instagram using the post feature.

Tip no. 5

Download Maps App from the App store as its easy to manage your listing from your phone. Just make sure your signed in to your Gmail account and search your business name. You can edit your profile from here.

Tip no. 6

Stay consistent as google will reward you for this & check your stats regularly on the report section to see how much progress you are making.
